

Parts You Need

monitor X 1

foam mount adaptor X 1

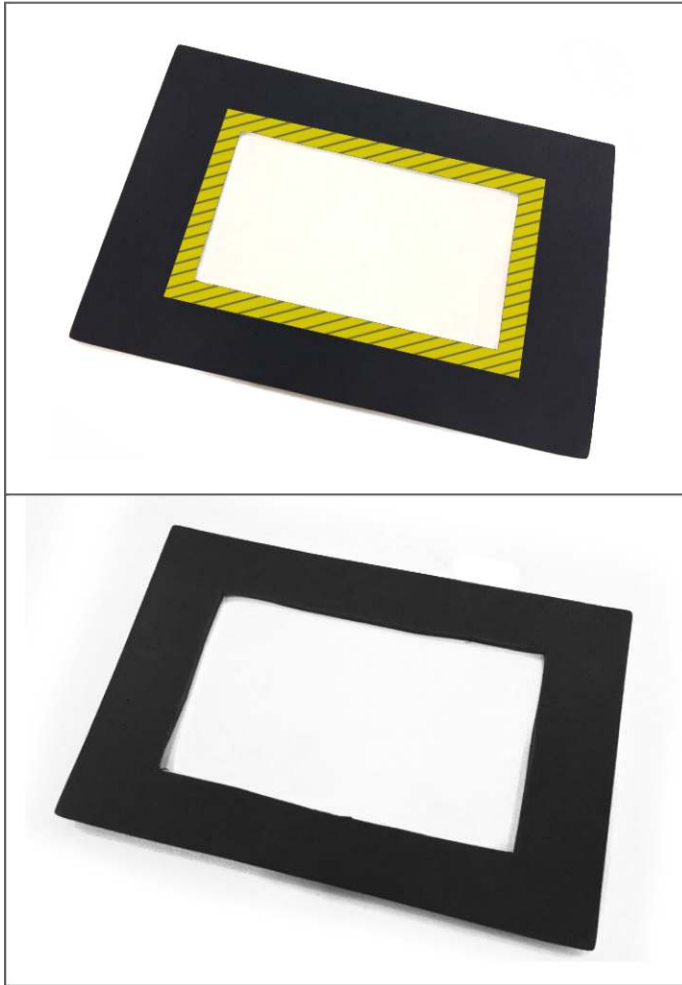

hard foam sticker X 2

Installation

step 1 - foam adaptor

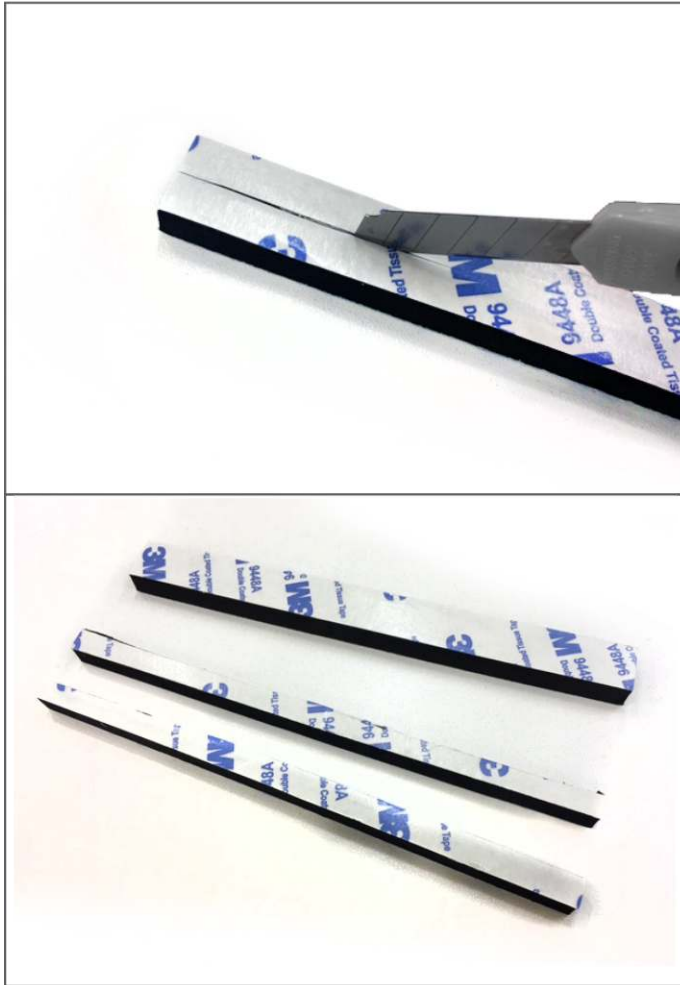

trim the inner margin of the foam adaptor
to fit the aspect ratio of the monitor

locate the trimmed foam adaptor onto the back of the monitor

Installation

step 2 - hard foam stickers

cut the hard foam stickers in half

stick double layer of the stickers onto the foam adaptor to hold the monitor in place

Installation

step 3 - combine

stick the finished part onto the front of the V2 goggle, trim the extended foam margin in shape if wanted
